Come Experience "THE ULTIMATE QUARTZ SURFACE"

BABA QUARTZ is prominent manufacturer of Engineered Quartz Surfaces. Our organization takes pride in its accomplished strength to deliver premium quality goods to a huge clientele.

Our product is made of genuine quartz, which is one of the nature's hardest stone. It is the most versatile and practical building material being used for beautiful kitchen countertops, table tops, bathroom vainties, elegant floorings and wall claddings. Our product is non-porous, stain & scratch resistant, flexible, hygienic, eco friendly and also comes with a low maintenance cost.

The ultimate nature of the quartz surfaces is its unifromity in pattern, uniqueness in color and customized designs.

BABA QUARTZ strive to optimize our clients satisfaction level by providing our distinguished product range.

We assure our quality & consistency as we are the only company in the world of engineered quartz slabs in history, who have their own quarries and in house processing facility.

Our advance production facilities and R&D team innovates a wide range of trendy designs.
